

Modelled on Route 12 but shorter and less challenging for those who prefer a more comfortable terrain. This route avoids both Stakeside and Shooter's Clough. It also avoids a lot of bog and marsh in wet weather.

Anti-clockwise Clockwise route described: Start at Errwood Hall car park (SK17 6GJ - SK 012 748 – Elev: 295m). Large red dot on the map. Turn left and head up to Pym chair either on tarmac or grass tracks.

Left at Pym Chair through the gate and passed the finger post, heading straight for Shining Tor. The large green dot signifies the Unnamed Clough referred to on the extra PDF.

Left at Shining Tor until you hit the next finger post at the gateway. Left downhill at the finger post, hugging the tall drystone wall.

At the next gateway, continue straight on downhill and that avoids Shooter's Clough (and Pond No: 2). You will soon reach Errwood Hall car park.
